A silent encounter between colours

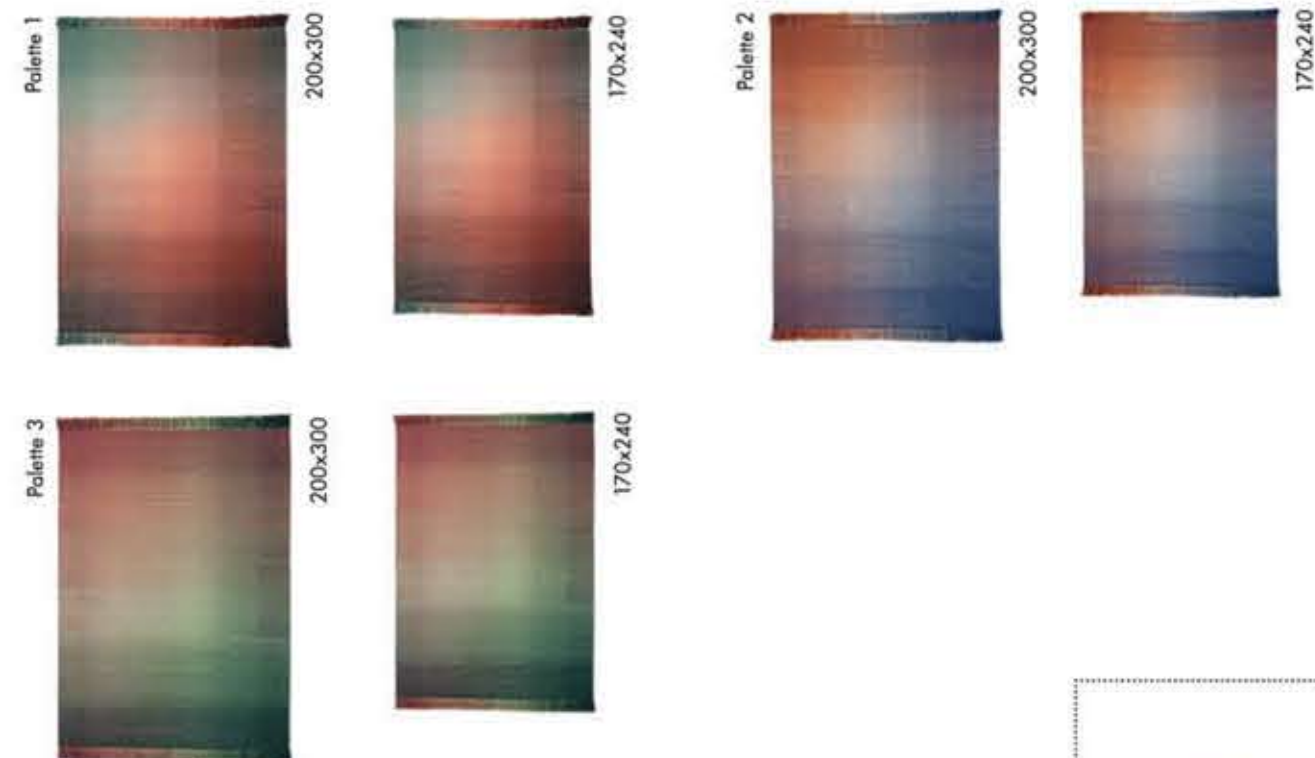

The Shade collection is inspired by magical moments in nature where colours melt and speak for themselves. For example, at dawn when the sun begins to rise in the clear sky, or at dusk, on the seashore just before nightfall... In the same way that colours flow in the sky, the Shade rugs achieve an intricate and emotional gradient.

“From the surface of the rug an atmosphere is released, creating a quiet, personal space where feelings diffuse within the vibrating colours...”
